APPLICATION OF GRASSHOPPER GROUP, LLC

Grasshopper Group, LLC (“Grasshopper” or “Applicant”), by counsel, and pursuant to S.C. Code Ann. §58-9-280, respectfully requests that the South Carolina Public Service Commission (the “Commission”) grant this Application for a Certificate of Public Convenience and Necessity to provide resold interexchange telecommunications service throughout the State of South Carolina. In addition, the Applicant also requests that the Commission regulate its intrastate interexchange service offerings as described below in accordance with the principles and procedures established for alternative regulation in Orders No. 95-1734 and 96-55 in Docket No. 95-661-C, and as modified by Order No. 2001-997 in Docket No. 2000-407-C. Grasshopper further requests, pursuant to R. 103-601(3) of the Commission’s rules, that the Commission waive application to it of certain Commission rules, as outlined herein.

Grasshopper proposes to offer resold interexchange services to customers throughout the geographic territory of South Carolina. Grasshopper anticipates that its customers will be primarily, though not exclusively, business customers. Approval of this application will promote the public interest by providing its subscribers with cost

advantages realized through the provision of competitive telecommunications services. Applicant's service will necessarily utilize existing carrier communications facilities more efficiently through increased usage and the addition of innovative, enhanced features. In addition, customers may contact the company in writing at the headquarters address, as well as via e-mail at

noc@grasshopper.com. The toll free number will be printed on the customer's monthly billing statements. Mr. Schiavone can be contacted electronically at dschiavone@grasshopper.com or telephonically at (617) 396-5700.

7. Financial Ability

The financial statements of Grasshopper demonstrate that Applicant's financial strength is sufficient to enable it to provide and maintain service in the State of South Carolina. Grasshopper does not intend to construct facilities, other than equipment to be installed in existing buildings or structures, or to purchase facilities. Applicant anticipates satisfying its cash flow obligations from revenues from its South Carolina operations and is well positioned ensure the continued provision of reliable telecommunications service to South Carolina residents. Applicant's financial statements, for which confidential treatment is requested, are attached hereto as **Exhibit C**.

8. Managerial and Technical Ability

Grasshopper has the managerial and technical capability to provide high quality local and interexchange telecommunications services within and throughout the State of South Carolina. Profiles of the experience of key members of Grasshopper's senior management team are attached as **Exhibit D**.

9. Description of Services Offered and Proposed Service Territory

Grasshopper seeks authority to provide long distance telecommunications services to subscribers throughout the State of South Carolina on a resold basis. Grasshopper is a retail service provider of integrated phone service solutions, voicemail processing and

other enhanced services to business end-users. Grasshopper provides business end-users toll-free and local access numbers to facilitate call conferencing/bridging and long distance service to access enhanced features provided through a Virtual Private Branch Exchange System. Grasshopper's long distance services are provided through local exchange and/or other connecting carriers from whom Grasshopper leases underlying facilities and other services.

The numbers Grasshopper resells do not provide dial tone (*i.e.*, they only receive incoming calls). Grasshopper proposes to offer business customers resold switch-based intrastate, interstate and international long distance services, including:

- Switched inbound toll-free (8XX)
- Dedicated inbound toll-free (8XX)
- Inbound long distance
- Call Conferencing

Grasshopper does *not* propose to provide alternative operator services nor require advanced payments or deposits. Grasshopper will not be constructing any facilities for the purpose of providing interexchange services.

10. Public Interest and Need

The granting of Grasshopper's application is consistent with S.C. Code Ann. § 58-9-280(B), and, in that regard, Grasshopper makes the following representations to the Commission:

1. Grasshopper possesses the requisite technical, financial and managerial resources sufficient to provide the services requested;
2. Grasshopper's services will meet service standards required by the Commission;
3. The provision of services by Grasshopper will not adversely impact the availability of affordable telecommunications service;

4. Grasshopper, to the extent it is required to do so by the Commission, will participate in the support of universally available telephone service at affordable rates; and
5. The provision of services by Grasshopper will not adversely impact the public interest.

Grant of Grasshopper's Application for a Certificate of Public Convenience and Necessity to provide the service described within this Application is in the public interest and will serve the public convenience and necessity. The public interest will be served by expanding the availability of competitive telecommunications services and enhanced telecommunications infrastructure in the State of South Carolina, thereby facilitating economic development. Authorizing Grasshopper to enter the telecommunications service market will increase the competitive choices available, and in turn create incentives for all carriers to lower prices, provide new and better quality services, and be more responsive to customer issues and demands.

11. Waivers and Regulatory Compliance

Grasshopper requests that, pursuant to Rule 103-601(3), the Commission grant it a waiver of those regulatory requirements that are inapplicable to Grasshopper's services because compliance with such rules would cause Grasshopper unusual hardship.¹ Specifically, Grasshopper requests a waiver of the following Commission Rules:

Rule 103-610: requiring a utility to maintain its records in the State of South Carolina. Grasshopper is headquartered in Massachusetts. As a result, it would be impractical for Grasshopper to maintain separate records in South Carolina. If the

¹ S.C. Code Regs. § 103-601(3). ("In any case where compliance with any of these rules and regulations introduces unusual difficulty or where circumstances indicate that a waiver of one or more rules or regulation is otherwise appropriate, such rule or regulation may be waived by the commission upon a finding by the commission that such a waiver is not contrary to the public interest.")

Commission determines it is necessary to review Grasshopper's books, Grasshopper will provide this information to the Commission upon request or will bear the cost of any out-of-state travel expenses incurred by Commission staff.

Rule 103-612-2.3: requiring utilities to file operating area maps with the Commission. Grasshopper proposes to provide interexchange telecommunications services statewide, and primarily in the service areas of incumbent local exchange carriers. Maps defining those areas are already on file with the Commission.

Such waivers have been granted under similar circumstances, and Grasshopper respectfully requests that the Commission similarly grant the aforementioned waivers in the context of this Application.

12. Alternative Regulation of Business Service Offerings

Grasshopper requests that all of its business service offerings be regulated pursuant to the procedures described and set out in Order Nos. 95-1734 and 96-55 in Docket No. 95-661-C, and as modified by Order No. 2001-997 in Docket No. 2000-407-C. It is Applicant's intent by this request to have its business services regulated in the same manner as this Commission has permitted for AT&T Communications of the Southern States. Specifically, Applicant requests:

- a) removal of maximum rate tariff requirements for its business services, consumer card, operator service², and future private line, and customer network-type offerings;

² Excepting those operator-assisted calls where a consumer uses a local exchange carrier's calling card to complete calls from locations which have not selected the local exchange carrier as their toll provider. Operator surcharges and per-minute rates for this type of call were capped by Order No. 2001-997 dated November 8, 2001.

- b) that tariff filings for these uncapped offerings are presumed valid upon filing. If the Commission institutes an investigation of a particular filing within seven days, the tariff filing will be suspended until further order of the Commission; and
- c) any relaxation in the reporting requirements that may be adopted for AT&T shall apply to the Applicant also.

CONCLUSION

This Application clearly demonstrates that Grasshopper possesses the requisite technical, financial and managerial qualifications to provide resold telecommunications services throughout the State of South Carolina. Furthermore, granting this Application for a Certificate of Public Convenience and Necessity will promote the public interest, comport with the public convenience and necessity, and meet pertinent legal and regulatory requirements for such applications.

WHEREFORE, Grasshopper respectfully requests that the Commission issue it a Certificate of Public Convenience and Necessity to provide resold interexchange telecommunications services throughout the State of South Carolina, and for alternative regulation of its long distance business service offerings, as proposed herein and set forth in the attached tariff. Grasshopper also requests that the Commission grant the waivers requested herein, and grant such other relief as is just and proper.

When software answer supervision is employed, up to 60 seconds of ringing is allowed before it is billed as usage of the network. A call is terminated when the calling or called party hangs up.
